A service charge will usually be added to your bill and as a result, there is no expectation to tip.

Usually, the service charge will be clearly labeled at the bottom of your bill and is 12.5% of the total amount. If a service charge is not included, then usually a 10% tip is expected.

Note: When utilizing the hotel concierge through you or your travel advisor, we recommend tipping \$20-100 based on the services rendered.
